

GenAI Acknowledgement

GenAI Acknowledgement Statement

Select which of the following two statements is relevant to your submission based on whether you have used or not used GenAI in preparing the assessment. Complete the relevant GenAI Acknowledgement Statement for your assessment before copying the statement into your submission, either after the reference list or another location as specified in the assessment instructions.

*I **have used** the following Generative Artificial Intelligence (GenAI) tools/services in the preparation of this assessment:*

- **GenAI service name and version:** Microsoft Copilot
- **Link to the GenAI service:** <https://copilot.microsoft.com/>
- **Ways this GenAI service was used:**

Activities requesting to be used

Revise UML and architecture diagram formats (from SAM last semester)

Revise sqlite3 in Python (from IIT last semester)

Check comments are aligned with PEP standards

Understand getters and setters in OOP

Understand how to use a controller/orchestrator class (ClinicController)

I confirm that I have not used GenAI in the preparation of this assessment for any purpose other than what I have acknowledged above and I have cited and referenced any GenAI content in my assessment submission, applying the relevant referencing style. I understand that providing false or misleading information in this GenAI Acknowledgement Statement may constitute a breach of the [University of Canberra \(Student Conduct\) Rules 2023](#).
